Eurex Release 3.0 Member Manuals on CD-ROM

Dear Sir or Madam,

Enclosed you will find a CD-ROM containing the functional and technical Member Manuals for the forthcoming Eurex Release 3.0.

We would like to point out that the technical manuals dealing with the operation and administration of the new MISS-architecture are currently incomplete for the Open VMS platform. These are expected to be completed shortly, and we will therefore provide you with a second, updated edition of this CD-ROM by early August.

Within the next few days we will also publish this version of the Release 3.0 member documentation on our web-site (www.eurexchange.com). You will find the manuals in .pdf format in the restricted **'Info for Members'** section under **'Manuals'** or under **'Downloads and CDs'**. That area of the web-site will be modified to accommodate the new document set and divided into a Release 2.0 and a Release 3.0 section.

If you have any questions, the Functional Member Readiness Team will be pleased to assist you at Tel. +49 (0)69-2101-1700.

Yours sincerely,

Jürg Spillmann

Gudrun Feiertag
