**Xetra Release 7.1** September 24, 2004
**Member Information and VALUES API Documentation**

Dear Sir or Madam,

With this circular we provide you with the fifth member information package in connection with the introduction of Xetra Release 7.1 scheduled for December 6, 2004.

The following documents are included in this package:

**Common Sizing Guidelines**
This document should support the network and system administrators in planning their network, hardware and system configuration. As of today, the document is available in English only for downloading on our Internet page on the following path:

www.deutsche-boerse.com > Trading & Clearing > Trading Members > Members Only > Xetra > Documentation > Technical.

**VALUES API Member Front End Development Guide (GATE Release 3.3)**
This document contains the final version of the GATE-specific part of the VALUES API (application requests, subscriptions and responses).
As of today, this document is available exclusively in English for downloading on our website on the following path:

www.deutsche-boerse.com > Technology Services > Access Products > VALUES API > Xetra Downloads > Xetra Release 7.1.

**Security Administration Manual**
This document (previously: Security Administration Guide) describes the authorization concept of Xetra Release 7.1 as to:

– Details for the assignment of user access rights, accounts and instruments,
– Instrument groups of single users, and
– User groups, as well as the special handling of senior traders.

As of today, this document is available exclusively in English for downloading on our website on the following path:

www.deutsche-boerse.com > Trading & Clearing > Trading Members > Members Only > Xetra > Documentation > Functional.

Contrary to the previous announcements, the VALUES API Member Front End Development Guide (Final Version) will not be available before November 8, 2004. In the meantime, please use – as in previous releases – the programming version of this document, as published on July 30, 2004.
