Facilities for Xetra Connection Tests Expanded July 12, 2004

Dear Sir or Madam,

This circular is to inform you of the expanded facilities to test the connection to the Xetra production environment.

Beginning July 19, 2004, the Xetra system will be available from as early as 02:00 a.m. CET for connection tests on every first trading day of the week. Between 02:00 a.m. CET and 07:00 a.m. CET, a text message will be displayed every minute in the “News” window of the Xetra GUI.

The message will read “Startup Msg. 0001” and receive a consecutive numbering. These text messages will not be available in the news history.

The messages, which will be provided via VALUES API, allow members and vendors to check the availability of their systems well in advance of the start of trading by connecting to the Xetra productive system.

For further questions, please do not hesitate to contact the Xetra Technical Helpdesk, telephone +49-69-211-1 84 00, fax +49-69-211-1 84 01 or e-mail xetra-help@deutsche-boerse.com.

Yours faithfully

Jens Hachmeister

Axel Birk
