Dear All,

As already announced in various publications, Deutsche Börse AG will release a new version of the Xetra® trading system (Xetra Release 7.0) on August 19, 2002. Xetra® Release 7.0 will be installed in the Xetra® simulation environment and Eurex Bonds members are asked to simulate Eurex Bonds based on Xetra® Release 7.0 from June 17, 2002 onwards.

To support your simulation planning we are providing you with an Eurex Bonds Member Simulation Guide attached to this circular.

Also attached, we provide you with all necessary information to prepare the activities on your side to be ready for the new software release. Especially, we would like to ask you to pay attention to the following essential documents that are also attached to this circular: VALUES API Modification Announcement, Member Activity Plan, and Technical Description.

Please do not hesitate to contact the Eurex Bonds Functional Helpline at +49 (0) 69 – 2101 – 3890 for any questions you may have.
