Automatic Quote Deletion Service

Dear Sirs,

We would like to bring an important feature of Eurex Bonds to your attention. Eurex Bonds offers a service to its members in case of a connection loss between a member MISS and Eurex Bonds: **the automatic quote deletion on connection loss of one designated MISS per member (original circular 40/01 2001).**

Each member can define one MISS to be monitored by Eurex Bonds. After connection loss, all quotes of the member – that is all quotes that have been entered by all subgroups of the respective member – are deleted automatically.

We are pointing out that the automatic quote deletion takes place even if a MISS failover processing successfully re-establishes the connection to Eurex Bonds. Due to the transparent fail-over supported by Xetra members may have to inquire the quote book after a fail-over in order to ensure that the actual quote book is displayed correctly in their front-end application /quote machine.Therefore it is strongly recommended for members using the Automatic Quote Deletion Service not to use the Xetra fail-over capacity (MISS Group) for its relevant quote-machine /quote entry facility.

As soon as the MISS which is to be monitored is connected again – GATE has a connection to the Eurex Bonds Backend - the monitoring and the automatic quote deletion service is started again for this member.

If you are interested to get this automatic quote deletion service please fill in the attached form, in which you enter the MISS ID of the MISS which connection shall be monitored. Please note that the german version of the attached form is binding and that the english form is a translation of it.
Please do not hesitate to contact the Eurex Bonds Infoline at +49 (0) 69 – 2101 – 1222 with any questions you may have.

Kind Regards
Eurex Bonds
