1. Due to the current squeeze-out procedure in Serono, the Management Boards of the Eurex Exchanges decided, further to Eurex circular 209/06, not to introduce any more series and contract months in Eurex options or Eurex stock futures contracts on Serono respectively (SEO/SEOF) with immediate effect. Trading in afore-mentioned contracts will be discontinued, should there be no more open interest before delisting of the Serono share at virt-x. For the Eurex stock futures this will be already March 9, 2007.

2. The Management Boards of the Eurex Exchanges decided to discontinue trading in stock futures on shares of Agfa-Gevaert (AGFF), Banca Lombarda (BLFF), Euronext (ENXF), Gecina (GFCF), HypoVereinsbank (HVMF) and Metrovacesa (MVCF) as of March 9, 2007 due to planned corporate actions.

Effective March 26, 2007, the aforementioned stock futures contracts will be deleted from the Eurex® system. Furthermore, several other options or stock futures contracts which then are in the “HALT” status will be deleted from the Eurex® system on that date. Market Supervision will announce the products to be deleted on March 23, 2007 via the **Market Supervision Messages** window.

Besides, in amendment to Eurex circulars 229/06 and 267/06 trading in the stock futures on BNP Paribas with Eurex product code BNPF will be discontinued, **but not** in the stock futures contracts with product code **BNPG**.

The updated Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich will be published on the Eurex website under:
