Summary:

After close of trading on Friday, **April 13, 2007**, Eurex will publish a software fix for the Eurex Release 9.0 simulation, production and Advanced Simulation environment on the Eurex website to address the following issues which will all be contained in the EurexGUI.jar and eurexmsg.dat module:

- The **Give-up** and **Take-up** windows do not open
- Modification of stop orders
- Repaint behavior in the **Own Order Overview** window

The software fix can be used in simulation, production and Advanced Simulation from Monday, April 16, 2007, onwards and should be installed on all MISSes and Workstations which are used to run the Eurex @X-ceed Trading GUI and the Eurex @X-tract Clearing GUI.

Please Note: The Update 1 kit for production / Advanced Simulation and the Update 2 kit for simulation must have been installed previously otherwise the changes made with the software fix will be overwritten by it. Please be also aware that support can only be provided on the basis of the most recent software version.

Eurex Release 9.0: Software Fix for Simulation, Production and Advanced Simulation (Trading and Clearing GUI)

After close of trading on April 13, 2007, Eurex will publish a software fix for the Eurex Release 9.0 simulation, production and advanced simulation environment on the Eurex website to address the following issues which will all be contained in the EurexGUI.jar and eurexmsg.dat module:

- The **Give-up** and **Take-up** windows do not open
- Modification of stop orders
- Repaint behavior in the **Own Order Overview** window

The software fix can be used in simulation, production and Advanced Simulation from April 16, 2007 onwards and should be installed on all MISSes and Workstations which are used to run the Eurex @X-ceed Trading GUI and the Eurex @X-tract Clearing GUI.

Please Note: The Update 1 kit for production / Advanced Simulation and the Update 2 kit for simulation must have been installed previously otherwise the changes made with the software fix will be overwritten by it. Please be also aware that support can only be provided on the basis of the most recent software version.

The files

- eurexr90_upd1_hf20070413.tar.Z (SUN Solaris production)
- eurexr90s_upd2_hf20070413.tar.Z (SUN Solaris simulation)
- eurexr90a_upd1_hf20070413.tar.Z (SUN Solaris advanced simulation)
- eurexr90_upd1_hf20070413.zip (MS Windows production)
- eurexr90s_upd2_hf20070413.zip (MS Windows simulation)
- eurexr90a_upd1_hf20070413.zip (MS Windows advanced simulation)

will be made available for download from the Eurex website on Friday, April 13, 2007 after end of trading under the following paths:

www.eurexchange.com > Member Section > Releases > Eurex 9.0 > Software Kits > Simulation Kits

www.eurexchange.com > Member Section > Releases > Eurex 9.0 > Software Kits > Production Kits

www.eurexchange.com > Member Section > Releases > Eurex 9.0 > Software Kits > Advanced Simulation Kits

The software fix should be installed according to the instructions contained in the “readme” file, which will be published on the Eurex website together with the kits. Before installation of the replacement files, a back-up copy of the old versions should be made.

If you have any questions concerning the installation of the files, please contact the Technical Help Desk on telephone +49-69-211-1 12 00.

Should you experience difficulties logging in to the “Member Section”, please contact the Customer Support Team on telephone +49-69-211-1 17 00.
