Sizing Guidelines 6. Eurex Release 6.1 Frontend Installation Guide 7. Eurex Release 6.1 Frontend Operations Guide 8. GATE 3.2 Frontend Installation Guide 9. GATE 3.2 Frontend Operations Guide

Summary:

With this circular we would like to announce the publication of the updated documentation for Eurex Release 6.1 as well as for GATE 3.2 and specify some changes in comparison to a prior version.

Due to the high volume of the nine attachments and the sometimes limited capacity of network and email systems of the addressees, the documents will only be made available for download in the password-protected member section of our homepage “www.eurexchange.com”.

Updated Documentation for Eurex Release 6.1

1. Simulation Guide

The Guide to Eurex 6.1 Release Simulation covering the period from September 8 to October 17, 2003 is now available on the Eurex website "www.eurexchange.com > member section > software releases Eurex > Eurex release 6.1".

2. Update of the Final Functional and Technical Release Notes

The update to the Final Functional and Technical Release Notes can now be downloaded from the Eurex website "www.eurexchange.com > member section > software releases Eurex > Eurex release 6.1".

The following items have changed since the publication of the Final Functional Release Notes and Final Technical Release Notes since their publication in Eurex Circular 074/03:

Final Functional Release Notes

Tick Value Changed from 2 to 4 Decimals.

Members receive the file referred to here as FPICTHEA during the batch as a download into the FTRefdatDir directory in the format theoCCCCCCEE.dat, whereby the "CCCCCC" is the business date of the report and "EE" is the Eurex environment number. For example, on the business day August 6, 2003 in the Eurex production environment (number 00), the file will be loaded into the FTRefdatDir directory under the name theo03080600.dat.

The name of the file has no effect on the update for Eurex Release 6.1; the Theoretical Values file is enhanced to display the tick value in four decimals places.

Position Detail – Report RPTCB010 / RAWCB010

The flag is located at the beginning of the second line item of information for any given position detail.

[NOTE: There is no change to the raw data file format as published in the Final Release Notes in Circular 074/03.]

Contract Maintenance – Report RPTTA110 / RAWTA110

The report RPTTA110 – Contract Maintenance – is now available in raw data format as RAWTA110.

Settled Delivery - Report RAWCE100

The raw data format for the report RAWCE100 has been updated to include the member exchange id of the second member involved in delivery after a give-up or take-up.

Final Technical Release Notes

Windows 2000/Windows XP Versions Supported by Eurex 6.1

Eurex 6.1 will support the following Service Pack versions of Windows 2000 and Windows XP for production launch on October 27, 2003:

- SP4 for Windows 2000.
- SP1a for Windows XP

3. Member Frontend Development Guide, Volume 1 – Call Interface for GATE 3.2

The VALUES API Member Frontend Development Guide, Volume 1 - Call Interface for GATE 3.2 is now available on the Eurex website "www.eurexchange.com > member section > software releases Eurex > VALUES API Programming Version 6.1 / Gate 3.2".

Eurex Deutschland

Fax +49-69-211-1 1701

Management Board:
Rudolf Ferscha (CEO), Jürg Spillmann,
Daniel Gisler, Thomas Lenz,
Peter Reitz, Michael Widmer

GATE 3.2 will be introduced together with Eurex Release 6.1.

The VALUES call interface version remains unchanged (CVNs 11 and 12 still supported).

4. Sizing Guidelines

The Eurex Release 6.1 Sizing Guidelines are now available on the Eurex website "www.eurexchange.com > member section > documentation / manuals Eurex > Eurex 6.1 > technical manuals".

The expected increase in data traffic and system usage can in general be compensated by performance improvements realized with Eurex Release 6.1. As a result, the Sizing Guidelines remain almost unchanged.

5. Eurex Release 6.1 Frontend Installation Guide

The Eurex Release 6.1 Frontend Installation Guide can now be downloaded from the Eurex website "www.eurexchange.com > member section > documentation / manuals Eurex > Eurex 6.1 > technical manuals".

6. Eurex Release 6.1 Frontend Operations Guide

For the Eurex Release 6.1 Frontend Operations Guide please see the Eurex website "www.eurexchange.com > member section > documentation / manuals Eurex > Eurex 6.1 > technical manuals".

7. GATE 3.2 Frontend Installation Guide

The GATE 3.2 Frontend Installation Guide is now available on the Eurex website "www.eurexchange.com > member section > documentation / manuals Eurex > Eurex 6.1 > technical manuals".

8. GATE 3.2 Frontend Operations Guide

For the GATE 3.2 Frontend Operations Guide please see the Eurex website www.eurexchange.com > > member section > documentation / manuals Eurex > Eurex 6.1 > technical manuals".
