Anglo American plc: Demerger

The company Anglo American plc announced a demerger so that each shareholder will receive for each 100 existing Anglo American plc shares 25 Mondi plc shares (ISIN GB00B1CRLC47) and ten Mondi Ltd shares (ISIN ZAE000097051) as well as 91 new Anglo American plc (ISIN GB00B1XZS820) shares.

Ex date of the demerger will be July 2, 2007.

The stock consolidation requires an adjustment of the Eurex stock futures contract on shares of Anglo American plc pursuant to number 1.6.7 (8) of the Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich.

The adjustment will be made by means of the basket method.

Therefore, as of July 2, 2007 the underlying instrument of the Eurex stock futures contract on Anglo American plc (AALF) will consist of 0.25 Mondi plc shares + 0.10 Mondi Ltd shares as well as 0.91 new Anglo American plc shares. As stock futures are exclusively set up in the Eurex® system as cash-settled contracts, a technical adjustment of the Eurex stock futures contract on Anglo American plc will not be required. The contract size remains unchanged. The necessary adjustment will be made via the daily settlement price at London Stock Exchange and will be calculated with effect from the ex date as follows:

0.25 Mondi plc shares + 0.10 Mondi Ltd shares + 0.91 new Anglo American plc shares

All existing orders and quotes will be deleted on June 29, 2007 after close of trading.

After the adjustment a new Eurex stock futures contract on Anglo American plc with standard contract size 1000 and the new product code AALG will be introduced with the new ISIN of the underlying instrument of GB00B1XZS820.

The exact date of the introduction will be published via the **Market Supervision Messages** window.

As soon as the new Eurex stock futures contract on Anglo American plc (AALG) is available for trading and no more series with open interest exist in the original Eurex stock futures contract on Anglo American plc (AALF), trading in this contract (AALF) will be set to halt and discontinued.

Product code and ISIN of the Eurex stock futures contract on Anglo American plc (AALF) will remain unchanged.

If there is no open interest for the original Eurex stock futures contract on Anglo American plc (AALF) after close of trading on June 29, 2007, no adjustment will be carried out and no introduction of a new Eurex stock futures contract on Anglo American plc will take place, but only an ISIN change of the underlying instruments of the new Anglo American plc share (GB00B1XZS820).

Please note that trading in the Eurex stock futures contract on Anglo American plc (AALF) will be set to halt on July 2, 2007, as trading in Mondi plc shares and Mondi Ltd Shares will not start before July 3, 2007.

The updated Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich will be available as of the ex date on the Eurex website under:
