

# FTSE Bitcoin Index Futures

**The Cryptocurrency market continues to grow in popularity as more market participants enter this market and look for new instruments for implementing trading strategies.**

## THE SAFE AND TRUSTED PATH TO CRYPTO

FTSE Bitcoin Index Futures provide a secure and trusted solution for institutional and professional investors seeking exposure to cryptocurrency. As a leading European-regulated exchange, Eurex ensures robust safeguards and a reliable trading platform. Partnering with FTSE Russell, a renowned index provider, and Digital Asset Research (DAR), an unbiased crypto market data provider, we have created a compliant and vetted foundation for our Bitcoin futures, adhering to the Benchmark Regulation (BMR) and mitigating digital asset-specific risks.

The futures contracts cater to a wide range of investors, offering a 1 Bitcoin multiplier and cash settlement on expiry. Investors benefit from tight spreads provided by leading liquidity providers during global trading hours, ensuring a seamless trading experience.

Eurex Clearing manages all trades, mitigating counterparty risk, thereby adding an extra layer of security. Eurex's FTSE Bitcoin Index Futures offer a **safe and trusted path to crypto** by combining a regulated trading environment, reputable index provider, global liquidity, tailored contract specifications, and robust risk management processes, providing a secure and reliable access to the cryptocurrency market.
