Introduction of Multiple Clearing Relationships for Eurex Exchanges

On 18 February 2013, Eurex Clearing will launch Multiple Clearing Relationships (MCR) for the Eurex Exchanges. Multiple Clearing Relationships are an optional service which offers Non-Clearing Members the possibility to enter into a Clearing Agreement with up to three Clearing Members for the clearing of Eurex Transactions. This is accomplished by allowing a Non-Clearing Member to use a maximum of three Member IDs – one primary Member ID and two additional Member IDs. For each Member ID, the Non-Clearing Member is permitted to clear pre-defined product groups (MCR-Product Groups) with different Clearing Members. A Clearing Member, in its capacity as a Non-Clearing Member, may also clear an MCR-Product Group not cleared by itself through another Clearing Member.

Exemplary illustration

MCR-Product Groups

An MCR-Product Group is a defined sub-set of products which are traded at Eurex Exchanges. Eurex Clearing has defined five MCR-Product Groups based on the required settlement infrastructure: Equity & Index, Fixed Income, International CBF-settled, UK & Irish and KOSPI Products.[1] TARGET2 and/or SNB accounts as well as a CBF or SIX SIS account for settlement remain mandatory for all Clearing Members and ensure that the MCR-Product Groups Equity & Index and Fixed Income Products can be cleared by all Clearing Members.

An MCR-Product Group can only be assigned to one Member ID, i.e. a Non-Clearing Member may not trade or clear a specific product across multiple Member IDs.

A list of all MCR-Product Groups and their composition is available as attachment 2.

Set-up and use of MCR

To make use of MCR, a Non-Clearing Member must enter into a separate Clearing Agreement with each of the additional Clearing Members. The MCR-Product Groups to be cleared via each Clearing Member must be specified in each Clearing Agreement. An Non-Clearing Member and a Clearing Member may also enter into a Clearing Agreement without specifying an MCR-Product Group to be cleared (i.e. “cold back-up”).

In case the Non-Clearing Member has not assigned an MCR-Product Group to any existing NCM-CM Clearing Agreement, the Non-Clearing Member can assign this MCR-Product Group by concluding/adapting the Clearing Agreement with a new or existing Clearing Member. Clearing Agreements with other Clearing Members remain unaffected.

For MCR-Product Group re-assignments among Clearing Members, the Clearing Agreements with both the transferring and transferee Clearing Member have to be adapted accordingly. Other than in the case of a Clearing Member default, Eurex Clearing needs to be notified about the re-assignment at least three months in advance. In addition, Eurex Transactions already existing at the transferring Clearing Member have to be

[1] The same structure also enables a Non-Clearing Member to clear EEX cooperation products through another Clearing Member.

transferred to the transferee Clearing Member on the basis of a Transfer Agreement. The Transfer Agreements will be made available on the Eurex Clearing website (www.eurexclearing.com). In addition to the Transfer Agreement, Non-Clearing Members have to provide a list with all existing Eurex Transactions which need to be transferred from the transferring Clearing Member to the transferee Clearing Member in the pre-formatted format (File for Position Transfer) by the end of business on the day before the effective date. The template is available on the Eurex Exchange website www.eurexchange.com under the following link:

Technology > Eurex Release 13.0 > System documentation > Test Data for Simulation

The three-month notice period is not applied for the initial set up of additional Member IDs. The existing termination rights for Clearing Agreements remain unaffected.

In case of a Clearing Member default, an MCR-Product Group can be immediately re-assigned from a defaulting Clearing Member to another Clearing Member. As soon as the amended Clearing Agreement is submitted, the Non-Clearing Member can trade and clear the respective products again.

Information provided to Clearing Members

Eurex Clearing informs the Clearing Members about additional Member IDs of the Non-Clearing Member. The name of the Clearing Member and the assigned products are not disclosed.

In the case of a Stop Button entry, only the affected Member ID of the Non-Clearing Member is set on halt while the other Member IDs are not. Eurex Clearing notifies all other Clearing Members with whom the Non-Clearing Member has a Clearing Agreement in place about such fact accordingly. Eurex Clearing communicates no further information other than the excluded Member ID of the Non-Clearing Member. Eurex Clearing also informs Clearing Members about the withdrawal of a Stop Button entry.

Fees, margin requirements, rebates and reports

Fees as well as margin requirements are calculated on a Member ID level, i.e. for every NCM-CM relationship separately.

In case a Non-Clearing Member needs additional connection lines and/or sessions for one of its Member IDs, the Non-Clearing Member may order these lines or sessions with its primary Member ID. The resulting fees for further lines and sessions are always charged through the Clearing Member of the primary Member ID.

Volume rebates are also calculated per Member ID. As volume rebates are given per asset class, Multiple Clearing Relationships do not affect the amount of the rebates.

Reports are also delivered per Member ID, i.e. for every NCM-CM relationship the Non-Clearing Member receives separate reports.

Please find attached to this circular the updated sections of the Clearing Conditions and the Clearing Agreement as decided by the Executive Board of Eurex Clearing AG on 16 January 2013. The updated sections of the Clearing Conditions will become effective on 18 February 2013. The complete document will be available as of the effective date on the Eurex Clearing website www.eurexclearing.com under the link:

Resources > Rules and Regulations > Clearing Conditions

A regularly updated list of all MCR-Product Groups and their composition will be available as of the effective date on the Eurex Clearing website www.eurexclearing.com under the link:

Cleared markets > Eurex Exchange

Pursuant to Chapter I, Part 1, Number 17.2.2 of the Clearing Conditions, each Clearing Member or Non-Clearing Member or Registered Customer accepts each amendment and addition to the Clearing Conditions, unless it objects by written notice to Eurex Clearing AG before the end of the Business Day prior to the actual effective date of such amendment or addition to the Clearing Conditions. The right to terminate the Clearing Agreement and the Clearing License according to Chapter I, Part 1, Number 2.1.4 Paragraph 1 of the Clearing Conditions shall remain unaffected.

If you have any questions or require further information, please contact Member Services & Admission at tel. +49-69-211-1 17 00 or e-mail memberservices@eurexclearing.com.

[…]

1.2 Margin Requirement

[…]

1.3 Accounts

[…]

1.4 Business and contractual obligations

[…]

1.5 Daily Setoff of Cash Claims

[…]

1.6 Direct Netting

[…]

1.7 Obligations with regard to the Tax Legislation of the United States of America

[…]

1.8 Multiple Clearing Relationships

1.8.1 General rules

A Non-Clearing Member may assign the clearing of Eurex Transactions to several but not more than three Clearing Members by entering into a separate Clearing Agreement with each such Clearing Member. In this case, the provisions on the replacement of the Clearing Member (Chapter I Part 2 Number 9, Part 3 Number 9 or Part 4 Number 9), on the non-fulfilment of duties of a Non-Clearing Member (Chapter I Part 1 Number 10), other agreements concluded between Clearing Members and Non-Clearing Members relating to the clearing of Eurex Transactions (Chapter I Part 1 Number 12) as well as on the termination of the Clearing Agreement (Chapter I Part 1 Number 13) shall apply only insofar as the respective Clearing Agreement is affected.

1.8.2 MCR-Product Groups

(1) The types of Eurex Transactions eligible to be cleared under a particular Clearing Agreement are determined on the basis of specific product groups as defined by Eurex Clearing AG and published from time to time in accordance with Chapter I Part 1 Number 16.1 (each a "**MCR-Product Group**").

(2) If a Non-Clearing Member decides to assign the clearing of Eurex Transactions to more than one Clearing Member, the Non-Clearing Member must select the MCR-Product Groups to be cleared in each Clearing Agreement. One particular MCR-Product Group can only be assigned to one Clearing Member exclusively. The clearing of Eurex Transactions of the same MCR-Product Group via different Clearing Members is not permitted. A Non-Clearing Member and a Clearing Member may also agree to enter into a Clearing Agreement without specifying an MCR-Product Group to be cleared.

1.8.3 Re-assignment of MCR-Product Groups

(1) Other than in the case of a Clearing Member default, the re-assignment of an MCR-Product Group from one Clearing Member to another is only permissible upon three months prior notice by the Non-Clearing Member to Eurex Clearing AG. The re-assignment becomes effective upon (i) the re-allocation of the respective MCR-Product Group in the Clearing Agreements between the Non-Clearing Member and the affected Clearing Members by way of a change of contract and (ii) the transfer of any existing Transactions belonging to the relevant MCR-Product Group to the new Clearing Member on the basis of a Transfer Agreement as published by Eurex Clearing AG on the Eurex Clearing AG website (www.eurexclearing.com). The termination right pursuant to Chapter I Part 1 Numbers 13.2 and 13.3 remains unaffected.

(2) In the case of a default of a Clearing Member, the re-assignment of an MCR-Product Group from the defaulting Clearing Member to another Clearing Member does not require three months prior notice by the Non-Clearing Member to Eurex Clearing AG. A Clearing Member is not obliged to assume the clearing of MCR-Product Groups or to take over Eurex Transactions from a defaulting Clearing Member.

1.8.4 Information provided by Eurex Clearing AG

(1) Notwithstanding Chapter I Part 1 Number 15.1, Eurex Clearing AG will inform a Clearing Member if one of its Non-Clearing Members assigns the clearing of Eurex Transactions to a second or third Clearing Member. The name of the relevant Clearing Member or any further related information will not be disclosed.

(2) In the case that (i) a Clearing Member declares by way of a Stop Button entry that it is no longer willing to conduct the Clearing of Eurex Transactions of a Non-Clearing Member or (ii) Eurex Clearing AG becomes aware that a Non-Clearing Member is in default, Eurex Clearing AG will inform the other Clearing Members who have entered into a Clearing Agreement with the affected Non-Clearing Member about such fact accordingly. Eurex Clearing AG will not disclose the reason for the use of the Stop Button or any further information relating to the Non-Clearing Member's default to the other Clearing Members and will not verify any such information in the interest of a timely notification. It is within the own responsibility of each Clearing Member to contact the affected Non-Clearing Member directly for clarification.

(3) If the Stop Button entry is withdrawn or if Eurex Clearing AG becomes aware that the Non-Clearing Member is no longer in default, Eurex Clearing AG will inform the other Clearing Members of the Non-Clearing Member about such fact accordingly. In this case, Paragraph (2) sentences 2 and 3 shall apply accordingly.

1.8.5 Clearing Members acting as Non-Clearing Members

A Clearing Member may enter into Clearing Agreements as a Non-Clearing Member with one or two other Clearing Members in respect of MCR-Product Groups not cleared by itself. In this case the rules applicable to Non-Clearing Members shall apply accordingly.

[…]

Appendices to the Clearing Conditions

Appendix 1 to the Clearing Conditions: Clearing Agreement between Eurex Clearing AG and a Clearing Member

[…]

Part 3: Transaction Types included in the Clearing

[…]

2 Scope of the Clearing Licence

The Clearing Licence granted pursuant to this Clause 2 refers to the Clearing of the following Transactions:

□ Chapter II Transactions Concluded at Eurex Deutschland and Eurex Zürich (Eurex Exchanges) for the following MCR-Product Groups:

x~~□~~ Equity & Index Products[1]

x~~□~~ Fixed Income Products[1]

□ International CBF-settled Products

□ UK & Irish Products

□ KOSPI Products

[…]

[1] The infrastructure necessary to clear Equity & Index Products and Fixed Income Products (TARGET2 and/or SNB cash accounts as well as CBF or SIX SIS settlement accounts) must be provided by all Clearing Members.

Appendix 2 to the Clearing Conditions: Clearing Agreement with a Non-Clearing Member and/or Registered Customer for the Elementary Clearing Model

[…]

Part 3: Transaction Types included in the Clearing

The Non-Clearing Member/Registered Customer shall participate in the Clearing pursuant to this Agreement in accordance with the following elections:

□ Registered Customer for the following Transaction Types:

- □ Chapter VIII Part 2 Clearing of OTC Credit Derivative Transactions
- □ Chapter VIII Part 3 Clearing of OTC Interest Rate Derivative Transactions.

□ Non-Clearing Member for the following Transaction Types:

- □ Chapter II Transactions Concluded at Eurex Deutschland and Eurex Zürich (Eurex Exchanges) for the following MCR-Product Groups:
  - □ Equity & Index Products
  - □ Fixed Income Products
  - □ International CBF-settled Products
  - □ UK & Irish Products
  - □ KOSPI Products

[…]

Appendix 3 to the Clearing Conditions: Clearing Agreement with a Non-Clearing Member and/or Registered Customer for the Individual Clearing Model

[…]

Part 3: Transaction Types included in the Clearing

The Non-Clearing Member/Registered Customer shall participate in the Clearing pursuant to this Agreement in accordance with the following elections:

□ Registered Customer for the following Transaction Types:

- □ Chapter II Transactions Concluded at Eurex Deutschland and Eurex Zürich (Eurex Exchanges)
- □ Chapter VII Transactions Concluded on the European Energy Exchange (EEX)
- □ Chapter VIII Part 2 Clearing of OTC Credit Derivative Transactions
- □ Chapter VIII Part 3 Clearing of OTC Interest Rate Derivative Transactions.

□ Non-Clearing Member for the following Transaction Types:

- □ Chapter II Transactions Concluded at Eurex Deutschland and Eurex Zürich (Eurex Exchanges) for the following MCR-Product Groups:
  - □ Equity & Index Products
  - □ Fixed Income Products
  - □ International CBF-settled Products
  - □ UK & Irish Products
  - □ KOSPI Products

[…]

Appendix 7 to the Clearing Conditions: Clearing Agreement with a Net Omnibus Non-Clearing Member for the Net Omnibus Clearing Model

[…]

Part 1: General Provisions

1 Scope of the Agreement, Applicable Legal Provisions

1.1 Eurex Clearing AG, the Clearing Member and the Net Omnibus Non-Clearing Member enter into this Agreement for the Clearing of all (but not only some) of the NCM-Related Transactions which are Net Omnibus Eligible Transactions, i.e. all Eurex Transactions and EEX Transactions in relation to the Net Omnibus Non-Clearing Member cleared via the relevant Clearing Member pursuant to the Net Omnibus Clearing Model Provisions.

[…]

Part 3: Transaction Types included in the Clearing

The Net Omnibus Non-Clearing Member shall participate in the Clearing pursuant to this Agreement in accordance with the following elections:

□ Chapter II Transactions Concluded at Eurex Deutschland and Eurex Zürich (Eurex Exchanges) for the following MCR-Product Groups:

- □ Equity & Index Products
- □ Fixed Income Products
- □ International CBF-settled Products
- □ UK & Irish Products
- □ KOSPI Products

□ Chapter VII Transactions Concluded on the European Energy Exchange (EEX)
