### 3. Common Chapters

#### 3.1. Update

##### 1 Introduction

This document describes all the reports distributed for Eurex Clearing – Securities Clearing Service (C7 SCS). This document is intended to provide members with relevant information concerning reports (viz. offered reports, layout). The purpose of the Eurex Clearing XML Reports – Reference Manual is

- to explain the content of the reports, and
- to describe each report in detail.

Additional information related to generic text reports is included. Please note that all reports are provided exclusively via the Common Report Engine. ~~For trades not yet covered by C7 SCS and cleared by Eurex Clearing's Securities CCP (Securities CCP), Eurex Clearing's Securities CCP continues to generate and distribute the corresponding reports as done currently. Report Description for those reports continues to be described as part of the Securities CCP documentation being available under the following path:~~

~~[www.eurex.com](http://www.eurex.com) -> Clear -> Support -> Initiatives & Releases -> C7 SCS Releases -> CCP Release 18.5~~

~~The report ordering form for Securities CCP reports is available on:~~

~~[www.eurex.com](http://www.eurex.com) -> Trade -> Find -> Forms~~

##### Report Generation and Distribution

Reports are available in XML format. For some reports additionally a printable text format is available.

- Reports in XML format for Clearing Members and Settlement Institutions are automatically provided and must not be ordered explicitly.
- Reports in XML format for Trading Members must be explicitly ordered.
- Reports in printable text are optional and must be explicitly ordered.

The report ordering form for C7 SCS reports is available on:

[www.eurex.com](http://www.eurex.com) -> Clear -> Find -> Forms

##### Separate Reports for Securities CCP and C7 SCS

~~With C7 SCS Release 3.0 physical deliveries in UK and Irish securities resulting from Eurex derivatives (XEUR) which settle at Euroclear UK & International (CCO, 'CREST') are migrated to the new platform. Transaction data and historic data were not migrated to the new platform.~~

~~Pending trades and delivery instructions from trading location XEUR continue to be processed and completed in Securities CCP system.~~

~~Consequently, such trades and delivery instructions continue to be reported on Securities CCP reports, while new transactions concluded after C7 SCS Release 3.0 are reported on new C7 SCS reports.~~

~~Reporting of new transactions concluded after Launch of C7 SCS Release 3.0 will be included in existing C7 SCS Reports.~~

##### 2.3 Common Report Engine

The Common Report Engine is the exclusive source for report files for Eurex Clearing members. It is an FTP solution based on an SFTP report server that allows participants to easily retrieve all of their reports from a single source.

All transactional and participant specific C7 SCS reports are available in ~~a the same~~ participant-specific directory structure. ~~as used for Securities CCP reports. C7 SCS and Securities CCP Reports are distinguished via unique Report IDs.~~

Non-transactional and non-participant specific reports and files are available in the public area. Such reports are tagged as CRE Area: public in this manual.

The Common Report Engine can be accessed via leased line connectivity or via the internet.

To access the Common Report Engine, a specific user account for the Common Report Engine must be setup and a public key must be uploaded in the Member Section of the Eurex website (<https://www.eurex.com/ec-en/find/Member-Section>). ~~Participants having already an activated user account for the Common Report Engine to receive Securities CCP reports do not have to take any further actions regarding a proper user setup.~~

Please note that reports will only be generated for participants if an activated Common Report Engine user account exists. The participant is responsible for the user account setup on the Common Report Engine for all markets applicable. Detailed information to the Common Report Engine is provided on the Eurex Homepage: [www.eurex.com](http://www.eurex.com) -> Clear -> Support -> Technology -> Common Report Engine

## 2.4 Available Reports
