Preamble

This Product Specific Supplement for Futures on MSCI Indices (hereinafter referred to as “Product Specific Supplement”) forms an integral part of the Liquidity Provider Agreement („LPA”).

Six liquidity provider schemes for outright futures are offered for each Futures product (LP1 and LP2 each in three time zones or quotation periods). The schemes differ in requirements for the minimum quote size, maximum spread as well as in the quotation period. LP1 schemes have tighter spread requirements, whereas LP2 schemes have higher quote size requirements.

In addition, another liquidity provider scheme for outright futures is offered only for selected products (LP3), which requires even tighter spreads and smaller sizes than LP1.

Only during the quarterly expiry months (March, June, September and December), another three liquidity provider schemes for the quotation of calendar spreads are offered for selected Futures on MSCI Indices (LP4 in three time zones or quotation periods) in order to build up liquidity in the quarterly rolls.

Another liquidity provider scheme is offered for selected products (LP5) to foster basis trading by quoting the calendar spread instrument (“basis”) between a daily and a quarterly future.

1. Applicable Building Blocks for Futures on MSCI Indices

Upon fulfilment of the Building Block requirements of one product, Liquidity Providers shall receive a fee rebate as specified in section 3 of the General Supplement to the LPA in accordance with the table below. All schemes shown above (LP1, LP2 and LP3 for outright, as well as LP4 for calendars and LP5 for basis trading) do qualify for Liquidity Provider Rebates in the respective product and month, however, a multiple refund will not take place upon fulfilment of more than one scheme in one product. The evaluation takes place on a monthly basis.

Five exchange days prior to expiration, Liquidity Providers may choose to quote either the quarterly front month or the second quarterly expiration - Maturity Range B (LP4): In the expiry month of the quarterly Futures (first business day until and including Wednesday before the 3rd Friday), the calendar spread between the front and the next quarterly expiry can be quoted to gain rebates and revenue sharing for selected products. (See quotation parameters table below) - Maturity Range C (LP5): The basis needs to be quoted i.e. the calendar instrument of a daily futures (T+0 or T+1) against the first quarterly expiration - The LP requirement is fulfilled if either Maturity Range A or Maturity Range B or Maturity Range C is fulfilled.

4. Other monetary incentive schemes:

4a. Revenue Sharing

Four Five different revenue sharing components are offered in accordance with section 3.1.2 of the General Supplement to the LPA.

The first revenue sharing component (LP1 & LP2) is offered for each MSCI Futures, the second component (LP3) is only offered for selected products and is replacing the stipend component offered previously, (under the Product Specific Supplement for Futures on MSCI Indices valid from 1 September 2024 until 31 December 2024), the third component pays according to the fulfilment of the quarterly calendar quotation (LP4) and the fourth one according to the fulfilment of the basis quotation (LP5).

In addition to the revenue sharing components for individual products, a new revenue sharing package is offered. Hereby, the LP3 scheme for at least 6 products in one time zone needs to be fulfilled per month. In addition, the LP1 or LP2 scheme for product FMWO needs to be fulfilled.

Liquidity Providers, who trade via different Member IDs belonging to the same company group, can only earn once per scheme and time zone, even if they fulfil the exact same scheme via multiple memberships (e.g. twice for FMEU LP1 in European hours).

The evaluation takes place on a monthly basis monthly, whereby the calculation of the new revenue sharing package is only performed quarterly. For the avoidance of doubt: revenue sharing is only paid for those products, which are fulfilled by the Liquidity Provider. The only exception is the new revenue sharing package, where the revenues of all products in that package will be shared.

VAT on the Revenue Sharing amounts shall be borne by the Liquidity Provider, if applicable, and will be offset against any due and unpaid Revenue Sharing amount.

The revenue sharing pool depends on the products. The following amounts (expressed in % of the net revenues in the respective product) are shared, whereby net revenues are defined as transaction fees reduced by Liquidity Provider rebates and other costs (like license fees).

Maximum Revenue sharing amounts

** The amount is dependent on the number of fulfilling LPs

LP1 & LP2	
Participation Condition:	Fulfilment of Basis Building Block requirement in one or more of the schemes (LP1 / LP2) and the three quotation periods.
Number of Participants:	Up to 30 (up to 5 per scheme (LP1 / LP2) per quotation period)
Qualification criterion:	The top 5 fulfilling Liquidity providers per scheme (LP1 / LP2) and quotation period participate, ranked according to their share of trading volume on M-accounts (order book) in scheme LP1 or ranked according to their share of cleared volumes on M- or P-accounts (excluding orderbook volumes on M-Account) in scheme LP2 of all fulfilling Liquidity Providers in the respective products
Distribution Method:	<p>Equal distribution: 1/3 of the net revenues is equally distributed amongst up to 30 Liquidity Providers (5 per quotation period in each scheme LP1 and LP2). Liquidity Providers can hereby qualify for different quotation periods and schemes and are thus incentivized to fulfil more than one quotation period per product</p> <p>Volume-based distribution amount: 2/3 of the net revenues are distributed proportionally among all qualifying Liquidity Providers</p> <p>Volume-based distribution method: The split of distributions between LP1 and LP2 is in a first step defined via the number of qualifying LPs in each scheme (LP1 and LP2), e.g. if there are 8 qualifying LPs in LP1 and 2 in LP2, the split would be 80% vs 20%</p> <p>In a second step this figure is adjusted by the order book share of the respective product (average of the last 3 calendar months).</p> <ul style="list-style-type: none"> • If the order book share is 20% or higher, the split is not adjusted. • If the order book share is between 5% and 20%, the LP1 share will be adjusted by a factor of 0.9, e.g. the split in the example above would be 72% vs 28% • If the order book share is 5% or lower, the LP1 share will be adjusted by a factor of 0.8, e.g. the split in the example above would be 64% vs 36% <p>After the split between LP1 and LP2 is defined, the split within each scheme is defined by the proportion of volumes of the qualifying LPs, whereby</p> <ul style="list-style-type: none"> • In LP1, the order book volumes on the M-Account are considered • In LP2, the cleared volumes (i.e. after give-up & take-up) on either M- or P-Account are considered. Hereby, the order book volumes on M-Account are excluded to avoid double-counting of volumes between LP1 and LP2

	LP3 (outrights)	LP4 (Quarterly calendar quotation)	LP5 (Basis quotation)
Participation Condition:	Fulfilment of Basis Building Block requirement in one or more of the schemes (LP3) and the three quotation periods.	Fulfilment of Basis Building Block requirement in one or more of the schemes (LP4) and the three quotation periods.	Fulfilment of Basis Building Block requirement in one or more of the schemes (LP5) and the three quotation periods.
Number of Participants:	Up to 15 Up to 15 (up to 5 per quotation period)		
Qualification criterion:	The top 5 fulfilling Liquidity providers per scheme and quotation period participate, ranked according to their share of trading volume on M-accounts (order book)		
Distribution Method:	1/2 equally, 1/2 volume-based according to their share of trading volume on M-accounts (order book)	equally distributed amongst up to 15 Liquidity Providers	

LP3 package

Participation Condition:	Fulfilment of Basis Building Block requirements (LP3) in at least 6 products (out of a maximum of 10 products) per month, (LP3) all in one of the three quotation periods ("LP 3 package") + fulfilment of Basis Building Block requirements (LP1 or LP2) in the product FMWO in the same quotation period.																																				
Number of Participants:	Up to 8 (up to 4 in the European trading hours, up to 2 each in the Asian and US trading hours)																																				
Qualification criterion:	The top 4 (Europ. Hours) or 2 (Asian / US hours) fulfilling Liquidity Providers fulfilling the Participation Conditions per quotation period participate, ranked according to their share of trading volumes on M-accounts (order book) in the 10 products for which an LP3 scheme is offered																																				
Revenue share amount:	<p>The revenue sharing amount depends on the total number of Liquidity Providers fulfilling the LP3 package (as defined above under "Participation Condition"):</p> <p>If 1 Liq. Provider fulfils the LP3 package, 3% of the net revenues of the 11 products* will be distributed;</p> <p>If 2 Liq. Providers fulfil the LP3 package, 5% of the net revenues of the 11 products* will be distributed;</p> <p>If 3 Liq. Providers fulfil the LP-3 package, 7% of the net revenues of the 11 products* will be distributed;</p> <p>If more than 3 Liq. Providers fulfil the LP-3 package, 8% of the net revenues of the 11 products* will be distributed;</p> <p>The relevant revenue sharing amount will be distributed ... among all qualifying Liquidity Providers. * the 10 products, for which an LP3 scheme is offered + FMWO (LP1 or LP2)</p>																																				
Distribution Method:	<p>The revenue sharing amount as defined above will be distributed between the fulfilling Liquidity Providers based on the following two multipliers:</p> <p>1) each fulfilled product (LP3) in each time zone in each month (over the last three months) counts one point</p> <p>2) this number is multiplied by the following volume factor: the Liq. Provider with the highest order book volume (M-account) per time zone in the 10 combined products (without the FMWO) gets a volume factor of 2, the second one a factor of 1.5. All others get 1.</p> <p>The revenue sharing amount will be calculated and paid only quarterly, whereby fulfilment needs to be achieved in at least 2 out of 3 months.</p> <p>Example:</p> <p>If 3 Liquidity Providers fulfil the package during the European trading hours and another 2 during the Asian trading hours, distribution would be defined in the following way:</p> <table border="1"> <thead> <tr> <th>Liquidity provider</th> <th>Trading hours</th> <th>Multiplier 1 (#schemes per quarter)</th> <th>Multiplier 2 (volume factor)</th> <th>Final Multiplier</th> <th>Rev share portion</th> </tr> </thead> <tbody> <tr> <td>1st Liq. c. Maturity Range B & C: Calendar spread contracts (LP4) & Basis (LP5)

For the following products, the quotation of the quarterly calendar spread and – where provided – quoting the basis is offered.

Quoting the quarterly calendar spread needs to be done in the calendar spread instrument itself. Separate quotation of the first and second quarterly expiry is not sufficient. Quoting the calendar is limited to the quarterly expiry months (March, June, September and December), i.e. only between the first business day and the Wednesday before the 3rd Friday of those months the calendar spread between the first and the second quarterly expiry needs to be quoted.

Quoting the basis is also done via a calendar instrument between a daily and a quarterly future. The daily future can be either T+0 or T+1 in any given month. The quarterly future needs to be the quarterly front month.

Fulfilment of the quotation of calendar spreads or basis is sufficient to gain Liquidity Provider Rebates for the month in that particular product. In addition, it qualifies for Revenue Sharing.

The quotation parameters for the calendar spreads and basis are identical for all three time zones.
