- (2) Three-Month Euro STR Options Contracts are generally available at Eurex Deutschland with terms of the next four months as well as ~~eight~~seven succeeding months of the cycle March, June, September and December thereafter. The due months of the underlying future and of the expiration month of the option are identical in the expiration months March, June, September and December (quarterly month); in the other expiration months, the due month of the underlying future is the cyclic quarterly month following the expiration month of the option.

For One-Year and Two-Year Three-Month Euro STR Mid-Curve Options Contracts (OSM1 and OSM2), terms consisting of the next four months as well as four succeeding months of the cycle March, June, September and December thereafter are available.
