

MSCI EM Asia Futures

Eurex – The global home of MSCI derivatives

SEAMLESS ACCESS TO ASIA WITH MSCI FUTURES

Eurex covers a wide array of Asia Pacific options and futures on a country and regional level, with 25 futures and 5 options, in addition to global indices. The broad MSCI EM Index is dominated by Asian exposure with more than 75%. Investors can gain exposure with the MSCI Emerging Markets Asia or with country index futures for China, Taiwan, South Korea, India and others. With the majority of the MSCI open interests at Eurex, investors enjoy deep liquidity and the ability to trade across all time zones.

MSCI EM Asia – Market size by country

What are the key benefits?

- Full and comprehensive Asian region and country-specific offering
- Easy access to the certain equity markets which are harder to access from outside (like India, Korea, China)
- Ability to over or underweight countries in global portfolios all with the same index methodology
- Portfolio-margining offsets available against major equity derivatives
