INSERTIONS ARE UNDERLINED;

DELETIONS ARE CROSSED OUT

General Terms and Conditions of the Agreement on the technical connection and the utilization of the Exchange-EDP of Eurex Deutschland for STPIPs (STPIP Connection Agreement) and QTPIPs (QTPIP Connection Agreement)

§ 1 Definitions

[...]

(10) The "Eurex Enhanced Market Data Interface" ("Eurex EMDI") is an optional interface to the Exchange-EDP exclusively available via a leased line, ~~and~~ VPN access or via T7 Cloud Access Point by way of which un-netted market data can be received via Multicast. This includes on- and off-book market data.

[...]

(25) The "T7 Cloud Access Point" is a connection type to the Exchange-EDP via a cloud service provider's private network infrastructure, allowing Trading Participants to access the Exchange-EDP.

§ 2 Provision and Connection to the Network

The EFAG shall undertake to make available to the TPIP in accordance with the provisions determined by the Eurex Exchange bandwidths for a connection (line or cloud-based connection) from an access point in the network of EFAG up to a transition point at the TPIP. EFAG shall pay due regard to the interests of the TPIP. EFAG shall be authorized to commission third parties with the provision of the line or cloud-based connection. In these cases, EFAG shall be obligated to choose and instruct such third parties in a diligent way. The provision and utilization of the bandwidths is subject to payment.

§ 3 Technical Connection to Exchange-EDP

(1) EFAG shall make available to the TPIP the connection via the Eurex Trader GUI or the technical connection via bandwidths on one leased line, ~~or~~ VPN connection or T7 Cloud Access Point. When establishing a new connection or making a change to an existing connection, EFAG shall - in deviation to § 3 (1) sentence 1 - make available to the TPIP the technical connection via bandwidths on one leased line or VPN connections, in a Multi-Interface Channel ("MIC"), to at least one interface to the Exchange-EDP. The TPIP must inform EFAG to which interface(s) the connection is to be established. Such connections

shall serve the utilization of the Exchange-EDP with regard to the provision of services of the TPIP for its clients.

[...]

(8) With regard to a connection to the Exchange-EDP by means of the T7 Cloud Access Point, the trading participant shall be obliged to provide and communicate to Eurex Frankfurt, prior to commencing use, a dedicated and unique Google Project ID and VPC Network Name of which the trading participant is the owner. The Google Project ID and VPC Network Name provided for the connection shall be used exclusively for that connection and may not be changed once the connection has been established. The Google Project ID must satisfy the requirements set out in the then-current Technical Onboarding Guide for the T7 Cloud Access Point published by Eurex Frankfurt.

(9) With regard to a connection to the Exchange-EDP by means of the T7 Cloud Access Point, Eurex Frankfurt shall provide and maintain the cloud-side peering endpoint. The Trading Participant shall be responsible for the acquisition, configuration and operation of its own cloud infrastructure required to connect to the T7 Cloud Access Point, including its cloud provider account, virtual network configuration and connectivity to the peering endpoint. Eurex Frankfurt shall not warrant for the availability and performance of the cloud service provider's infrastructure.

[...]

§ 7 Other Duties of the TPIP

[...]

(3) With regard to a connection via bandwidths on a leased line, ~~or~~ an internet line (VPN connection), or via T7 Cloud Access Point, the TPIP is obligated to bear the costs incurring for the provision, configuration, operation, maintenance and connection of the participant system to the network of Eurex.

[...]

§ 8 Fees

The service which is subject matter of the agreement is granted by EFAG against consideration. The TPIP shall be obliged to pay the fees on the provision of the Eurex Trader GUI, ~~and/or~~ the Multi-Interface Channel (MIC), and/or the T7 Cloud Access Point Services according to EFAG Price List to the Agreement on the technical connection to the Electronic Trading System of Eurex Deutschland.
