2.3.6 Last Trading Day, Close of Trading

The last trading day of an option series shall be the last day on which such option series is available to Exchange Participants for trading and clearing through the EDP system of the Eurex Exchanges. In case of options series having been introduced before May 25 September 1, 2009~~September 1, 2009~~, this shall be the last Exchange day prior to the first calendar day of the expiration month~~this shall be the sixth Exchange day prior to the first calendar day of the expiration month~~. In case of options series having been introduced from May 25, 2009~~September 1, 2011~~, this shall be the Exchange day last Friday prior to the first calendar day of the expiration month, if this is followed by at least two Exchange days prior to the first calendar day of the expiration month. If such Friday is not an Exchange day, or a Friday which is not an Exchange day and which is followed by only one exchange day prior to the first calendar day of the expiration month, then the Exchange day preceding the Friday shall be the last trading day.

An Exchange day within the meaning of this subsection is a day, which is both an Exchange day at the Eurex Exchanges and a Federal workday in the United States.

The close of trading on the last trading day shall be 17:15 CET.
